Lane Closure on I-20 westbound

TENNILLE— The Georgia Department of Transportation; Scott Bridge Company, Inc.; United Contractors, Inc. announce that there will be a lane closure on I-20 WB from Wheeler Road to I-520 on Thursday, July 05 to install temporary barrier wall. The closure will take place at night between the hours of 9 pm and 6 am.

This work is necessary to construct the new interior lanes of I-20. The temporary barrier wall will remain in this configuration until we move into the next phase later in the project.

As with all road construction, motorists are advised to use extra caution in construction work zones. Motorists are also reminded that the posted speed limit will be reduced to 45 mph in the construction zone.
